

Stop Drunk Driving

Even if you don't drink alcohol,
even if you don't drive a car by yourself,
you might be charged with drunk driving.

To lend a car for drunk driver

To get in a drunk driving vehicle

To give driver a drink

You might be charged with drunk driving if you let driver drink any alcohol, or get in a drunk driving vehicle.

You should have courage to stop drunk driving and not get in a drunk driving vehicle.

If you don't take it seriously, you might lose your future or hope.
